Communication

We communicate all concerns with parents as soon as possible first ensuring the safety of our students and staff. Teachers may communicate via text message or email. The director will follow up on any emergency situation.

Training

All of our staff are first aid and CPR trained. We review procedures annually and adjust as needed. A full copy of our emergency guide is posted in each classroom as well as in the safety bag teachers carry when bringing students outside.

Sanitation Standards

To reduce the spread of germs, we clean classroom tables and sinks before students arrive each morning and before and after snack time. All toys are disinfected daily; linens, pillows, dress-up clothing and stuffed animals are washed weekly. Additionally, hand washing is a regular part of the classroom routine.

If you have any questions or concerns about safety, please contact us for more information.
